American Integration, Inc. Achieves Coveted Microsoft Gold Certified Partner Status
American Integration Further Distinguishes Itself by Earning Three Separate Microsoft Competencies

Richland Hills, TX, US — October 3, 2006 — **American Integration Inc.**, a premier IT solutions and management provider, announced today that it has attained Gold Certified status in the Microsoft Partner Program along with three separate competencies, Network Infrastructure, Advanced Infrastructure and Information Worker Solutions, recognizing **American Integration's** expertise and total impact in the technology marketplace. As a Gold Certified partner, **American Integration** has demonstrated expertise with Microsoft technologies and proven ability to meet customers' needs. Microsoft Gold Certified Partners receive a rich set of benefits, including access, training and support, giving them a competitive advantage in the marketplace.

"We are extremely pleased to have attained Gold Certified status in the Microsoft Partner Program. This achievement is a testament to our commitment to our clients through broadening the depth of our services and capabilities," said **Danny Owens, American Integration CEO**. "Now that we're a member of this very exclusive group, we can work more closely than ever with Microsoft to continue to deliver the highest level of business efficiency through technology and expertise that our clients demand."

"Customers are looking for partner companies that can bridge the gap between their business demands and technology capabilities. They need to trust in someone that can act as an expert adviser for their long-term strategic technology plans. Microsoft Gold Certified Partners, which have certified expertise and direct training and support from Microsoft, can build a positive customer experience with our technologies," said Allison Watson, vice president of the Worldwide Partner Sales and Marketing Group at Microsoft Corp. "Today, Microsoft recognizes **American Integration** as a new Microsoft Gold Certified Partner for demonstrating its expertise in providing customer satisfaction with Microsoft products and technology."
